Sandcastle provides charity care for low-income families with young children enrolled in our preschool classes who are not identified with special needs. The fee for tuition is based on household income, and in addition to completion of this form requires you to provide three things:

- 1) Completion of the worksheet below, determining your child's fee.
- 2) Household income documentation. This can be in the form of annual tax returns, employer pay stubs, or documentation of public assistance. This documentation will be required annually, at the beginning of the academic year (September 1).
- 3) Completion of the attached automatic withdrawal form. Payment for reduced tuition must be made in the form of an automatic withdrawal from a checking or savings account.
